

# Ms Runway

The Ms Runway category is for athletes to show case their sense of fashion, fitness and glamour . This is the category for ladies who want to let their charisma, glamour and energy shine on the ICN INDIA Runway model stage. The judges look for balanced and developing muscle and marketability as a Runway Model. Not too muscular or too lean. Posing, presentation, choice of Dress and fitment are all taken into consideration for this category. We look for marketability, so the look and feel is as if the athlete is walking and posing for shots for a ramp show, with beauty and glamour as the focus.

Ms Runway Models should present themselves as well-groomed athletic models with a vibrant smile and flamboyant energy onstage.

This category is perfect for athletes who want to enjoy model like posing, whilst show casing their confidence on stage. This category also suits those who have recently gone through transformations.

## Judging Points

1. Energy, stage presence and x-factor with individual style.
2. Body Symmetry, choice and fitment of Dress and accessories.
3. Stage presence and confidence of an athletic model posing for a Ramp/Runway show.
4. Overall aesthetically pleasing look, with V taper and confidence within poses and style.

## Attire

1. Dress/Gown and Clear stage heels (any height) . Accessories such as earrings, necklaces & ring Optional. (Athlete to bring their own Dress, Heels and accessories)

## Posing

Ms Runway Models will walk on stage and do a T walk show casing 3 poses then:

1. As a group, athletes will perform 4 quarter turns (front pose, side pose, back pose and opposite side pose) A comparison round of quarter turns may follow for the top contenders. Athletes can add their own posing flare for individuality to poses
